

The Pawn Shop by Zehra Khan and Tim Winn

**COMMITMENT AND SIMILAR ACTS OF BETRAYAL:
A CONTEMPORARY DRAWING EXHIBIT**

CURATED BY ROBIN MEYER

February 5 - March 1, 2013

When an artist commits to traditional drawing mediums and techniques are they betraying their natural desire for self-expression and experimentation? Does experimentation and expression require an artist to forgo formal elements of drawing? Or are all bets off?

This exhibit unites artists who have dedicated themselves to forging new paths and engaging contemporary dialogue while also understanding the relevance and reward of the formal act of drawing.
